A brand of Scandinavian Business Seating

Meet RBM Noor

A genially simple, light and happy chair

RBM Noor is a contemporary classic that marks a new beginning in vitalising spaces and relations. A collection of canteen and conference chairs adding vitality to working spaces and sociable places.

Meet a wide range of colourful chairs easily combinable with every purpose, room or environment. A collection with a Scandinavian identity and environmental thinking. A result of an innovative design collaboration between the designers: Form Us With Love, StokkeAustad, Susanne Grønland/Grønland Design and Scandinavian Business Seating design team.

FUNCTIONALITY

True Scandinavian quality and functionality

Slim, lightweight, easy to handle, arrange, stack, store and clean. RBM Noor is designed for your convenience and pleasure. Its great quality features and high standard of ergonomics creates a comfortable sitting experience. An 8 mm seat shell and organic 3D shape ensures soft and user-friendly surfaces, optimal contact and support for your body.

COLOURFUL

A combinable and colourful collection

You choose which model, materials and colours. Polypropylene seats come in five colours, 3D veneer seats in oak, beech or dark-stained ash. Upholstery is always an option. The tubular- and sledge bases can be delivered in a number of paint colours and surfaces.

As can armrests. Wooden legs come in oiled and dark-stained oak, aluminium footbase in black, polished or white. RBM Noor has a model for every intention and interaction.

LIKABILITY

Designed for love at first sight

RBM Noor is a vivid collection of comfortable chairs that creates good feelings by touch, seeing and sensing. Smooth surfaces with dynamic material combinations. A genially simple, light and happy design expression. Enhancing the ambition of a room, creating the right vibrations, encouraging activities taking place, enlivening people and minds. Making it easy to be together.

DIVERSITY

Chairs that communicate, chairs with character

RBM Noor can contribute to any expression and impression – playful, cosy, creative, avant-garde, sophisticated, formal, executive ... Designed to enhance your everyday relations, to vitalise any environment – conference rooms, canteens, auditoriums, reception areas, schools, libraries, small offices and home offices, your spaces...

Always with sustainability in mind

A low carbon footprint makes RBM Noor a sustainable choice. It is resource efficient, using low-impact materials as recycled aluminium, polypropylene and partly recycled steel. New transparent powder paints replaces chrome as surface treatment. The chair uses no glue, is designed for easy disassembly and recycling, and is designed to meet the strictest of indoor climate requirements.
